Hi Vonda,

Thank you for preparing this update and providing an opportunity to review the draft. Here are a few, small recommendations on the brochure from my perspective. I appreciate for your flexibility in the timeframe for printing and distribution to allow additional review time.

- Pg1:
- CFAC CLP section: USEPA (or use USEPA throughout. Both EPA and USEPA are used in the current document.)
 - Lower text box:
 - I believe Dick Sloan has replaced Lisa Dewitt with on the site: Dick Sloan, Montana DEQ Project Manager, 406-444-6454 rsloan@mt.gov
 - Better URL to EPA webpage for CFAC: www.epa.gov/superfund/columbia-falls

Pg2

- History of Project
 - second paragraph: . . . was approved by the U.S. Environmental Protection Agency (EPA).
 - Not sure if you need to add the ATSDR acronym after the agency's full name because you don't use it later in the brochure. On the other hand, "ATSDR" is more recognizable than the long name so I would keep it. Just pointing out.
- RI/FS update: USEPA
- Next steps: USEPA

Importance: High

Good morning Robert.

I received your out of office response to the email I sent you with the April 2018 CFAC Project Update brochure attached. I understand you will be back in your office on Wednesday morning.

I will be sending the brochure to the printer on Wednesday, April 4 at 2 p.m. EST. I hope that will give you time to take a look at it.

I have attached it for your convenience.
